SCHOOL NURSE'S REPORT

To the Superintendent, School Board,
and Citizens of Danville:

This past year we have had another "first". Due to the cooperation of the State Dept. of Health nurse in Exeter, we were able to offer to school children of all ages immunization and booster shots. Previously, only pre-school children have been given these. The response was enthusiastic.

The new Seacoast Family Service Agency will be of tremendous value when it is needed for referral of children and their families who are in need of counseling. This organization, a branch of the Children's Aid Society, should receive our wholehearted support.

The Heaf, or "gun" method of T.B. testing has just been completed. Dr. Prince, head of the Division of Communicable Diseases in the State Dept. of Health, recommends that after this year only the 1st, 4th, 8th, and 12th grades be done.

The starting of a dental clinic did not come to fruition last year and I would like to urge both the School Board and the P.T.A. to make a new effort to have one. Besides fund raising, we will need volunteers for driving the children, no more than five at a time, to Exeter.

It is my pleasure to report again pleasant associations with Danville personnel.

Respectfully submitted,

CONSTANCE J. HUSS, R.N.

SUPERINTENDENT'S REPORT

Once again, it is a privilege for me to submit to you, the citizens of Danville, my annual report. I shall, however, deviate from the usual elementary school report and devote most of my attention to the current high school problem, especially as it pertains to the challenges presented by the most recent developments at Sanborn Seminary. Incidentally, a similar report is being presented to the other communities in our Union No. 14 who are also closely involved in this topic.

Throughout the years, considerable time and energy have been devoted by many Danville individuals to the study of the high school situation and, on occasion, definite recommendations have even been evolved. However, it has not been until recently that any semblance of a practical and sensible solution has appeared possible. A solution which, for the first time ever, would provide each Danville adult an opportunity to exercise his constitutional right to determine the type of high school organization and program he most desires for his children.

On July 22, 1963 the Trustees of Sanborn Seminary issued a formal notification that Sanborn Seminary could no longer continue to operate as an approved public academy accommodating any and all area youth without requiring long-range commitments from sending school districts which would make possible a program of necessary expansion. To provide this assurance, the trustees requested that each town sign an exclusive long-term contract or run the risk of having only a percentage of its children accepted in the future. Realizing the pitfalls of long-term contracts and the absurdity of limited acceptance, the trustees offered an additional proposal. It is this final proposal which can, at long last, afford you the once in a lifetime opportunity of owning and operating your own high school. A copy of this proposal follows:

“ALTERNATIVE I SALE OF FACILITIES TO A
COOPERATIVE SCHOOL DISTRICT

The Trustees of Sanborn Seminary will sell to a Cooperative School District all real property of Sanborn Seminary and building contents exclusive of Wiggin Hall as listed in attached Addendum for the sum of \$100,000 subject to the following conditions:

- a. The Cooperative School District shall consist of Kingston and four (4) or more other towns that have been sending students to Sanborn. (Five (5) towns are required to be eligible for maximum State aid.)
- b. The “Sanborn” name shall be retained in some form.
- c. All existing contracts with Administration, Faculty, Clerical Staff and Custodial Personnel — which are binding for no longer than one year — should be honored if feasible.
- d. The sale includes only the real property and the building contents exclusive of Wiggin Hall and specifically does not include the trust funds under the administration of the Trustees.
- e. Income from the trust funds — amounting currently to about \$6,500.00 annually — will be disbursed by the Trustees for the benefit of the district and in cooperation with the District School Board.
- f. Money received from the sale over and above outstanding indebtedness, which shall be retired, shall remain a part of the Trust Funds and be administered as specified in (e) above.
- g. All costs of sale shall be borne by Sanborn Seminary.
- h. All necessary legal clearance of the sale shall be obtained.
- i. Agreement of sale must be consummated on or before April 1, 1964.”

On August 26 and September 19, 1963, eight surrounding towns gathered at Special School District Meetings and elected three people from each town to serve on a Cooperative Planning Board, according to New Hampshire School Law R.S.A. 195, to study the possibility of forming a Cooperative School District utilizing the Sanborn Seminary facilities as was suggested in the above Alternative No. 1.

The first organizational meeting of this group was held at Bakie School in Kingston on September 13, 1963. Since that time, the group has met twice a month, without fail, to receive and to take action upon the numerous sub-committee reports — all relating to an improved future high school situation.

You might now ask, "What role should I assume as a voter and citizen?"

First and foremost, you are obligated to become thoroughly familiar with the information being presented to you by your Co-op Planning Board and, more specifically, by your representatives on this board.

Secondly, you must take action. In taking action, I earnestly urge you to vote to form a Cooperative School District, which would, once and for all, give you complete control of your entire school system. To summarize, I quote a few words written many years ago by an unknown historian as he made reference to public school ownership:

"The common school in the United States was in a new sense the people's school. It was an institution . . . controlled by themselves and in their own interests. It was responsive to their will and to their needs. Poor and inefficient as it was for many years after its origin, it was theirs, and theirs it has always remained."

I would now like to commend you for providing extra funds last year, making it possible to employ a part-time reading teacher. It is my hope, however, that you will make

an even greater effort so that a full-time person could be employed for 1964-1965. We would then be able to separate Grades 1 and 2 and give each child of this all-important stage, the individual help so essential in any good beginning reading program.

In closing, I want to thank your conscientious school board members who are making my second year as your superintendent most interesting and, I hope, beneficial to Danville.

FRANCIS C. WILSON,

Superintendent of Schools
